

Attendance Policy

- In order to maintain the highest possible attendance of pupils in school we aim to:
- Make attendance and punctuality a priority for all those associated with the school including pupils, parents, teachers, proprietors and governors and work in partnership with families to find supportive routes to improve attendance.
- Develop a framework which defines agreed roles and responsibilities and promotes consistency in carrying out designated tasks.
- Develop and maintain a systematic approach to gathering and analysing attendance related data.
- Implement a system of rewards and sanctions.
- Provide support, advice and guidance to parents/carers and pupils.
- Further develop positive and consistent communication between home and school.
- Recognise and address the needs of the individual pupil when planning reintegration following significant periods of absence.
- Adopt a revised set of codes
- Appoint an Attendance Champion, who is Huw May

Definitions

It is the Head Teacher's discretion as to whether a child's absence is recorded as authorised or unauthorised.

Authorised absence:

- An absence is classified as authorised when a child has been away from school for a legitimate reason and the school has received notification from a parent or carer. For example, if a child has been unwell, the parent writes a note or telephones the school to explain the absence.
- Only the school can make an absence authorised. Parents do not have this authority. Consequently, not all absences supported by parents will be classified as authorised. For example if a parent takes a child out of school and gives the reason that it was to go shopping for school shoes, this will not mean it is an authorised absence.

Unauthorised absence:

- An absence is classified as unauthorised when a child is away from school without the permission of both the school and a parent.
- Therefore, the absence is unauthorised if a child is away from school without good reason, even with the support of a parent.

Persistent absence (PA):

- The DFE define a 'persistent absentee' as a pupil who, at any point in the year, has accumulated absence at 10% or more of the available sessions regardless of whether or not any of it is authorised. The PA status may change as the terms progress but these pupils are at particular risk of achieving poor outcomes at school and beyond.

Registration Codes:

It is the school's responsibility to ensure the correct codes are recorded and that patterns and trends in children's absence are analysed. Please see Appendix 1 for current codes

Late Pupils:

Pupils who arrive before registration closes at 8:35 are marked using the normal '/' code. Pupils arriving after 8:35 will be marked using the 'L' code.

Requests for leave of absence:

We believe that all children need to be in school for all sessions, so that they can make the most progress possible. For this reason, as a general rule, we do not authorise leave of absence (including holidays) in term time.

The Head has the discretion to make exceptions to this rule and can authorise leave of absence for special circumstances, when the leave of absence is for no more than 10 days. Special circumstances may include:

- Service personnel and other employees who are prevented from taking holidays outside term time if the holiday will have minimal disruption to the pupil's education.
- When a family needs to spend time together to support each other during or after a crisis.

Religious Observance:

Code R is used when children are absent from school to take part in any day set aside exclusively for religious observance by the religious body to which the parents belong, including religious festivals. Parents should give advance notice.

Roles and responsibilities

Intervening with Attendance Concerns

Where we have concerns around a pupil's attendance we may intervene in one or more of the following ways:

- The School will review the attendance of all the schools pupils on a half termly basis and any pupils identified as a cause for concern or less than 90% attendance on a more regular basis.
- A letter may be sent to the parents of any pupil identified as having attendance problems, informing them of the school's concerns and offering support to resolve any problems that may be impeding a child from attending.
- Where patterns are identified a phone call or meeting between the Parent and Head may take place to discuss the pattern and resolve any issues preventing attendance.

All members of the school community have roles and responsibilities in promoting and ensuring good attendance and punctuality. We aim to **expect** all pupils to attend, we **monitor** and use attendance data to identify patterns, **listen and understand** when a pattern is spotted and discuss this with parents and pupils to resolve any problems, **facilitate support** to remove barriers in school and help and support to access support to overcome barriers outside of school, **formalise support** where absence persists and **enforce** where all avenues have been exhausted and support is not working.

Role of the pupils:

Pupils have a responsibility to themselves and others to play a positive role in the life of the school and to make the most of the education opportunities available.

All pupils will:

- Ensure that they attend school regularly and on time.
- Be aware of the consequences of poor attendance or truancy.
- Arrive to lessons punctually.
- Not leave school without permission.

- Follow correct procedures for known absences.
- Respect themselves and others.
- Encourage friendship and a sense of belonging.
- Be happy and encourage others to feel happy
- Inform a trusted adult if they feel that they are being bullied or feel unhappy in school.

Role of parents:

Parents have an essential role in ensuring their child's good attendance.

We ask parents to:

- Establish good attendance habits by acting as a role model and showing the children that good attendance and punctuality is important.
- Praise and reward good attendance, even small successes, e.g. getting ready quickly, even if resisting going to school.
- Talk regularly with their child about school and how they feel about it. Children are more likely to want to attend and learn if they feel supported and their anxieties are listened to.
- Contact the school by phone, text or email as soon as possible to say why their child is absent, and when they are expected to return.
- Only grant days at home for genuine illness.
- If appropriate, arrange for a friend to take a child to school if a sibling is sick.
- Avoid taking holidays in school time.
- Ensure that wherever possible, medical appointments are made outside of the school day.
- Know routines of the school day to avoid issues, e.g. ensuring children have their P.E. kits on the right days.
- Establish a good bedtime routine, so that their child can sleep well, get enough sleep and make mornings less of a struggle.

Role of the Class Teacher:

We ask teachers to:

- Encourage good attendance.
- Ensure that registers are correctly and promptly marked.
- Set a good example in matters of attendance and punctuality.
- Provide a safe and secure environment in which to learn.
- Provide engaging and worthwhile learning experiences that encourage students to regularly attend lessons.
- Listen to and value children's views.
- Make initial contact with parents when concerns arise.

Role of the School:

As a school we:

- Create a school ethos that pupils want to be part of.
- Give a high priority to punctuality and attendance.
- Develop procedures that enable the school to identify, follow up and record unauthorised absence, patterns of absence and parent condoned absence with effective monitoring and intervention.
- Develop a range of effective strategies to follow up intermittent and long term absenteeism and promote good attendance.
- Encourage open communication channels between home and school.
- Adequately provide for pupils with difficulties, within the bounds of the resources available, and ensure that appropriate delivery of the curriculum.

Role of Executive Board:

The Executive Board are responsible for making sure the school keeps an attendance register that records which pupils are present at the start of both the morning and the afternoon sessions of the school day. This register will also indicate whether an absence was authorised or unauthorised.

Appendix 1 – Codes to use

Attending the school

Relevant regulation 10(2) Table 1

Code / \: Present at the school / = morning session \ = afternoon session

Pupils must not be recorded as present if they are not in school during registration. If a pupil were to leave the school premises after registration, they will still be counted as attending for statistical purposes. This code is classified for statistical purposes as attending.

Code L: Late arrival before the register is closed

The pupil was absent when the register started being taken but arrives before the register is closed. Schools should actively discourage late arrival and be alert to patterns of late arrival. All schools are expected to set out in their attendance policy the length of time the register will be open, after which a pupil will be recorded as absent. This should be the same for every session and not longer than 30 minutes. If a pupil is recorded with code N but arrives later in the session after the register has closed, the attendance register must be amended to record them as absent using code U or another absence code that is more appropriate.

This code is classified for statistical purposes as attending.

Attending a place other than the school

Relevant regulation 10(3) Table 2

Code K: Attending education provision arranged by the local authority

The pupil is attending a place, other than the school or any other school at which they are a registered pupil, for educational provision arranged by a local authority under section 19(1) of the Education Act 1996 (exceptional provision of education), section 42(2), or 61(1) of the Children and Families Act 2014 (special educational provision off site). A pupil attending provision arranged by the school rather than the local authority must be recorded using Codes P or B instead.

Schools must also record the nature of the provision (regulation 10(5)), examples are:

- attending courses at college;
- attending unregistered alternative provision.

Schools should ensure that arrangements are in place whereby the education provider notifies the school of any absence by the pupil. The school must record the pupil's absence using the relevant absence code.

This code is classified for statistical purposes as attending an approved educational activity.

Code V: Attending an educational visit or trip

The pupil is attending a place, other than the school or any other school at which they are a registered pupil, for an educational visit or trip arranged by or on behalf of the school and supervised by a member of school staff. The visit or trip must take place during the session for which it is recorded.

If the pupil does not attend the visit or trip the school must record the pupil's absence using the relevant absence code.

This code is classified for statistical purposes as attending an approved educational activity.

Code P: Participating in a sporting activity

The pupil is attending a place for an approved educational activity that is a sporting activity. The sporting activity must take place during the session for which it is recorded.

A pupil can only be recorded as attending a place for an approved educational activity if:

- the place is somewhere other than the school, another school where the pupil is registered, or a place where educational provision has been arranged for the pupil by a local authority under section 19(1) of the Education Act 1996 or sections 42(2) or 61(1) of the Children and Families Act 2014;
- the activity is of an educational nature;
- the school has approved the pupil's attendance at the place for the activity; and

- the activity is supervised by a person considered by the school to have the appropriate skills, training, experience and knowledge to ensure that the activity takes place safely and fulfils the educational purpose for which the pupil's attendance has been approved. Supervision means the pupil is physically supervised by someone who meets this definition.

If schools have concerns about the appropriateness of an activity, they can seek advice from the sports' national governing body. The final decision on approving the activity, however, rests with the school and they should take the effect on the pupil's general education into account.

Schools have responsibilities for the safeguarding and welfare of pupils attending an approved educational activity. The school will need to be satisfied that appropriate measures have been taken to safeguard the pupil. Schools should ensure that they have in place arrangements whereby the provider of the sporting activity notifies the school of any absence by the pupil. The school must record the pupil's absence using the relevant absence code.

This code is classified for statistical purposes as attending an approved educational activity.

Code W: Attending work experience

The pupil is attending a place for an approved educational activity that is work experience provided under arrangements made by a local authority or the school as part of the pupil's education. The work experience must take place during the session for which it is recorded.

A pupil can only be recorded as attending a place for an approved educational activity if:

- the place is somewhere other than the school, another school where the pupil is registered, or a place where educational provision has been arranged for the pupil by a local authority under section 19(1) of the Education Act 1996 or sections 42(2) or 61(1) of the Children and Families Act 2014;
- the activity is of an educational nature;
- the school has approved the pupil's attendance at the place for the activity; and
- the activity is supervised by a person considered by the school to have the appropriate skills, training, experience and knowledge to ensure that the activity takes place safely and fulfils the educational purpose for which the pupil's attendance has been approved. Supervision means the pupil is physically supervised by someone who meets this definition.

Schools have responsibilities for the safeguarding and welfare of pupils attending an approved educational activity. The school will need to be satisfied that appropriate measures have been taken to safeguard the pupil. Schools should ensure that they have in place arrangements whereby the provider of the work experience notifies the school of any absence by the pupil. The school must record the pupil's absence using the relevant absence code.

This code is classified for statistical purposes as attending an approved educational activity.

Code B: Attending any other approved educational activity

The pupil is attending a place for an approved educational activity that is not a sporting activity or work experience. The educational activity must take place during the session for which it is recorded.

A pupil can only be recorded as attending a place for an approved educational activity if:

- the place is somewhere other than the school, another school where the pupil is registered, or a place where educational provision has been arranged for the pupil by a local authority under section 19(1) of the Education Act 1996 or sections 42(2) or 61(1) of the Children and Families Act 2014;
- the activity is of an educational nature;
- the school has approved the pupil's attendance at the place for the activity; and
- the activity is supervised by a person considered by the school to have the appropriate skills, training, experience and knowledge to ensure that the activity takes place safely and fulfils the educational purpose for which the pupil's attendance has been approved. Supervision means the pupil is physically supervised by someone who meets this definition.

Schools must also record the nature of the approved educational activity (regulation 10(5)), examples are:

- attending transition days at other schools;
- attending courses at college;
- attending unregistered alternative provision arranged by the school.

Schools have responsibilities for the safeguarding and welfare of pupils attending an approved educational activity. The school will need to be satisfied that appropriate measures have been taken to safeguard the pupil. Schools should ensure that they have in place arrangements whereby the provider of the educational activity notifies the school of any absences by the pupil. The school must record the pupil's absence using the relevant absence code.

This code is classified for statistical purposes as attending an approved educational activity.

Absent - leave of absence

Relevant regulation 10(4) Table 3

All schools must use the following codes to record the reason for a pupil being absent with leave:

Code C1: Leave of absence for the purpose of participating in a regulated performance or undertaking regulated employment abroad.

All schools can grant leaves of absence for pupils to undertake employment (paid or unpaid) during school hours. Schools maintained by a local authority and special schools not maintained by a local authority can only do so in the following circumstances (under regulation 11(2)):

- Where the local authority have granted a licence for the pupil to take part in a performance regulated by section 37(2) of the Children and Young Persons Act 1963.
- Where a pupil does not need a licence for such a performance because an exception applies under section 37(3) of the Children and Young Persons Act 1963, including where a Body of Persons Approval (BOPA) covering the pupil has been issued by the local authority in whose area the performance will take place or the Secretary of State.
- Where a Justice of the Peace has given the pupil a licence to go abroad for a performance or other regulated purpose under section 25(2) of the Children and Young Persons Act 1933.

Schools should be sympathetic to requests for leave of absence that are supported by a licence issued by a local authority or a BOPA; as long as the school remains satisfied that this will not have a negative effect on a pupil's education. Where a local authority licence specifies the dates that a pupil is to be away from school to perform, the school should record the absence for those days as if a leave of absence had been applied for and granted. Where the terms of the local authority licence do not specify dates, however, or where a BOPA or other exemption or licence from a Justice of the Peace applies, it is at the discretion of the school to grant leave of absence.

Schools that are not required to follow regulation 11, must still use this code to record a pupil who is absent with leave for the purpose of participating in a regulated performance or work abroad under a licence or exemption as described above.

This code is classified for statistical purposes as authorised absence.

Code M: Leave of absence for the purpose of attending a medical or dental appointment

Schools should encourage parents to make appointments out of school hours. Where this is not possible, they should get the school's agreement in advance and the pupil should only be out of school for the minimum amount of time necessary for the appointment.

Schools that are not required to follow regulation 11 (independent schools), must still use this code to record a leave of absence has been granted for the purpose of attending a medical or dental appointment. If a pupil is present at registration but then leaves the school to attend a medical or dental appointment during the session in question, no absence needs be recorded for that session.

This code is classified for statistical purposes as authorised absence.

Code J1: Leave of absence for the purpose of attending an interview for employment or for admission to another educational institution

Schools that are not required to follow regulation 11 (independent schools), must still use this code to record a leave of absence has been granted for the purpose of attending an interview for employment or for admission to another educational establishment.

This interview must take place during the session for which it is recorded.

This code is classified for statistical purposes as authorised absence.

Code S: Leave of absence for the purpose of studying for a public examination

Schools maintained by a local authority and special schools not maintained by a local authority can grant leave of absence, under regulation 11(5), for a pupil to study for a public examination where the leave has been agreed in advance with a parent who the pupil normally lives with (or the pupil if they will be over compulsory school age by the time of the absence).

Study leave should not be granted by default once tuition of the exam syllabus is complete and should be used sparingly. If schools do decide to grant study leave, provision must still be made available for those pupils who want to continue to come into school to revise.

Schools that are not required to follow regulation 11, must still use this code to record when a pupil is absent with leave that has been granted for the purpose of studying for a public examination.

This code is classified for statistical purposes as authorised absence.

Code X: Non-compulsory school age pupil not required to attend school

Schools maintained by a local authority and special schools not maintained by a local authority can grant a leave of absence, under regulation 11(7) or (8) for a pupil not of compulsory school age to attend school part-time.

Schools that are not required to follow regulation 11 (independent schools), must still use this code to record when a pupil is absent with leave because their timetable does not require them to attend.

Where the pupil is absent when timetabled to attend the school, the absence must be recorded using the appropriate absence code not code X.

This code is classified for statistical purposes as not a possible attendance.

Under compulsory school age

In cases where a parent wishes their child to begin school on a part-time basis in line with the school admissions code, schools maintained by a local authority and special schools not maintained by a local authority may give leave of absence for sessions the pupil is not expected to attend. This must be agreed between the school and the parent they normally live with and must end at the point at which the pupil reaches compulsory school age. The times and dates when the pupil is expected to attend the school must be agreed by the school and the parent with whom the pupil normally lives with.

Over compulsory school age

Where a sixth form pupil's timetable does not require them to be on site for every session of the week, a school maintained by a local authority or a special school not maintained by a local authority may give leave of absence. The times and dates when the pupil is expected to attend the school must be agreed with the parent with whom the pupil normally lives with or the pupil.

Code C2: Leave of absence for a compulsory school age pupil subject to a part-time timetable

All pupils of compulsory school age are entitled to a full-time education. In very exceptional circumstances, where it is in a pupil's best interests, there may be a need for a temporary part-time timetable to meet their individual needs in line with paragraphs 65 – 70.

Schools maintained by a local authority and special schools not maintained by a local authority can grant a leave of absence, under regulation 11(6) to temporarily reduce the timetable of a pupil of compulsory school age to part-time, if the school and a parent who the pupil normally lives with have agreed that, exceptionally, the pupil should temporarily be educated only part-time and have agreed the times and dates when the pupil will, during the period of temporary part-time education, be expected to attend the school.

Schools that are not required to follow regulation 11 (independent schools), must still use this code to record when a pupil is absent with leave because they are subject to a part-time timetable in line with an agreement between the school and a parent the pupil normally lives with that the pupil should temporarily be educated part-time.

Where a pupil is receiving a full-time education, but only part-time at the school in question (e.g. dual registration, part-time unregistered alternative provision or flexi- schooling) this code must not be used

and the appropriate code for why the pupil is not in school for that session should be used. This code is classified for statistical purposes as authorised absence.

Code D: Dual registered at another school

The law allows a pupil to be registered at more than one school. This code is used to indicate that the pupil is absent with leave to attend the other school at which they are registered. The main examples of dual registration are pupils who are attending a pupil referral unit, a hospital school or a special school on a temporary basis.

The school at which the pupil is scheduled to attend must record the pupil's attendance and absence with the relevant code. Code D may only be used by either school for a session where the pupil is scheduled to attend the other school at which they are registered. Schools should ensure that they have in place arrangements whereby all unexpected and unexplained absences are promptly followed up. This code is classified for statistical purposes as not a possible attendance to avoid double counting.

Code C: Leave of absence for exceptional circumstance

All schools are able to grant a leave of absence at their discretion. A leave of absence should not, and from a school maintained by a local authority or a special school not maintained by a local authority, must not be granted unless there are exceptional circumstances.

Schools must judge each application individually considering the specific facts and circumstances and relevant background context behind each request. Where a leave of absence is granted, the school will determine the number of days a pupil can be absent from school. A leave of absence is granted entirely at the school's discretion.

Schools maintained by a local authority and special schools not maintained by a local authority can only grant such a leave of absence under regulation 11(11), where an application is made in advance by a parent the pupil normally lives with (or the pupil if they will be over compulsory school age by the time of the absence).

Generally, a need or desire for a holiday or other absence for the purpose of leisure and recreation would not constitute an exceptional circumstance.

Schools that are not required to follow regulation 11, must still use this code to record where a pupil is absent with leave for a reason that is not covered by another leave of absence code.

This code is classified for statistical purposes as authorised absence.

Code T: Parent travelling for occupational purposes

The pupil is a mobile child and their parent(s) is travelling in the course of their trade or business and the pupil is travelling with them. A mobile child is a child of compulsory school age who has no fixed abode and whose parent(s) is engaged in a trade or business of such a nature as to require them to travel from place to place.

Schools should not unnecessarily ask for proof that the parent is travelling for occupational purposes, this should only happen when there is genuine and reasonable doubt about the authenticity of the reason for absence given. If there is doubt over the reason given, the school may ask for proof that the family are required to travel for occupational purposes during the period of absence.

To help ensure continuity of education for pupils, when their parent(s) is travelling for occupational purposes in England, it is expected that the pupil should attend a school where their parent(s) is travelling and be dual registered at that school and their main school.

This code is classified for statistical purposes as authorised absence.

Whilst for statistical purposes this is counted as authorised absence, if a pupil's attendance was to fall below an acceptable level consideration may be given to attendance enforcement.

Code R: Religious observance

The pupil is absent on a day that is exclusively set apart for religious observance by the religious body the parent(s) belong to (not the parents themselves).

As a general rule, 'a day exclusively set apart for religious observance' is a day when the pupil's parents would be expected by the religious body to which they belong to stay away from their employment in order to record the occasion. If in doubt, schools should seek advice from the parent's religious body

about whether it has set the day apart for religious observance.

If a religious body sets apart a single day for a religious observance and the parent applies for more than one day, the school may only record one day using this code; the rest of the time would need a leave of absence, and this is granted at the school's discretion as set out under Code C.

Schools and local authorities may seek to minimise the adverse effects of religious observance on a pupil's attendance and attainment by considering approaches such as:

- Setting term dates around days for religious observance;
- Working with local faith groups to develop guidance on absence for religious observance;
- Taking INSET days that coincide with religious observance days; and
- Providing individual support for pupils who miss sessions on days exclusively set apart for religious observance.

This code is classified for statistical purposes as authorised absence.

Code I: Illness (not medical or dental appointment)

The pupil is unable to attend due to illness (both physical and mental health related). Schools should advise parents to notify them on the first day the child is unable to attend due to illness.

Schools are not expected to routinely request that parents provide medical evidence to support illness absences. Schools should only request reasonable medical evidence in cases where they need clarification to accurately record absence in the attendance register – i.e. making a decision that code I is the absence code that accurately describes the reason the pupil is not in school for the session in question. In the majority of cases a parent's notification that their child is too ill to attend school will be that evidence and can be accepted without question or concern. Only where the school has genuine and reasonable doubt about the authenticity of the illness should medical evidence be requested to support the absence. Where medical evidence is deemed necessary, schools should not be rigid about the form of evidence requested and should speak to the family about what evidence is available. Schools should be mindful that requesting additional medical evidence unnecessarily places pressure on health professionals, their staff and their appointment system, particularly if the illness is one that does not require treatment by a health professional. Where a parent cannot provide evidence in the form requested but can provide other evidence, schools should take this into account. Where a parent cannot provide any written evidence the school should have a conversation with the parent and pupil, if appropriate, which may in itself serve as the necessary evidence to record the absence.

This code is classified for statistical purposes as authorised absence.

Code E: Suspended or permanently excluded

The pupil is suspended from school or permanently excluded from school on disciplinary grounds, but their name is still entered in the admission register, and no alternative provision has been made for the pupil to continue their education.

When a pupil of compulsory school age is suspended or permanently excluded on disciplinary grounds from a maintained school, pupil referral unit, academy, city technology college, or city college for the technology of the arts, alternative provision must be arranged from the sixth consecutive school day of any suspension or permanent exclusion. Where the pupil is attending alternative provision, for the session in question, schools should record this using the appropriate attendance code in regulation 10(3) Table 2 or if the pupil is attending another school at which they are a registered pupil, schools should record this using code D (dual registered at another school).

This code is classified for statistical purposes as authorised absence.

Absent - unable to attend school because of unavoidable cause

Relevant regulation 10(4) Table 3

Code Q: Unable to attend the school because of a lack of access arrangements

Relevant regulation 10(4), (12) and (13).

Code Q is only used where a pupil is absent because the local authority has a legal duty to arrange home-to-school travel for the pupil and they have not done so, or because the pupil has no choice but to attend a school that does not qualify for such travel arrangements and is more than walking distance from

where they live. These circumstances are set out in law but in summary are where:

- the local authority has a duty to arrange the pupil's [home to school travel](#) and has not; or
- the pupil is registered at a private school that is beyond walking distance from the pupil's home and the local authority has not arranged boarding for them or enabled them to go to a state school nearer to their home; or
- the pupil lives in Wales and a Welsh local authority has a duty to provide [home to school travel](#) and has not.

This code is classified for statistical purposes as not a possible attendance.

Code Y1: Unable to attend due to transport normally provided not being available

The pupil is unable to attend because the school is not within walking distance of their home and the transport to and from the school that is normally provided for the pupil by the school or local authority is not available.

Walking distance in relation to a child under the age of 8, means 2 miles, and for a child of 8 or above, means 3 miles. In each case measured by the nearest available route.

This code is classified for statistical purposes as not a possible attendance.

Code Y2: Unable to attend due to widespread disruption to travel

The pupil is unable to attend the school because of widespread disruption to travel caused by a local, national, or international emergency.

This code is classified for statistical purposes as not a possible attendance.

Code Y3: Unable to attend due to part of the school premises being closed

Part of the school premises is unavoidably out of use and the pupil is one of those that the school considers cannot practicably be accommodated in those part of the premises that remain in use.

This code is classified for statistical purposes as not a possible attendance.

Code Y4: Unable to attend due to the whole school site being unexpectedly closed

Relevant regulation 10(10)

Where a school was planned to be open for a session, but the school is closed unexpectedly (e.g. due to adverse weather), the attendance register is not taken as usual because there is no school session. Instead, every pupil listed in the admission register at the time must be recorded with code Y4 to record the fact that the school is closed.

This code may not be used for any planned closure such as weekends or holidays.

This code is classified for statistical purposes as not a possible attendance.

Code Y5: Unable to attend as pupil is in criminal justice detention

Relevant regulation 10(14)

The pupil is unable to attend the school because they are:

- in police detention,
- remanded to youth detention, awaiting trial or sentencing, or
- detained under a sentence of detention.

If a pupil is remanded to local authority accommodation, they should attend school as normal where possible and where it is not possible any absence should be recorded using the appropriate code.

A pupil's absence should be recorded under code Y7 (Unable to attend because of any other unavoidable cause) if they are unable to attend because they are serving a community based (i.e. non-detained) part

of a sentence of detention, referral order, or youth rehabilitation order that requires them to be absent during the school day.

Schools are expected to communicate with the pupil's Youth Offending Team worker while the pupil is in custody and remains on the school roll to discuss the pupil's educational needs, progress and return to the school upon their release where appropriate. Education is a key part of effective resettlement, therefore it is important that schools maintain contact with the Youth Offending Team throughout the sentence to support the child's resettlement where appropriate.

This code is classified for statistical purposes as not a possible attendance.

Code Y6: Unable to attend in accordance with public health guidance or law

The pupil is well enough to attend (otherwise Code I would have been recorded) but there are Government rules or guidance to limit the spread of infection or disease which say they should not attend.

Meaning, the pupil's travel to or attendance at the school would be:

- contrary to any guidance relating to the incidence or transmission of infection or disease published by the Secretary of State for Health and Social Care (or the equivalent in Scotland, Wales or Northern Ireland), or
- prohibited by any legislation relating to the incidence or transmission of infection or disease.

Code Y7: Unable to attend because of any other unavoidable cause

An unavoidable cause, that is not covered by one of the other 'unable to attend' codes detailed above, is preventing the pupil from attending the school.

This code should be used only where something in the nature of an emergency has prevented the pupil from attending the session in question. The unavoidable cause must be something that affects the pupil, not the parent. The fact that a parent has done all they can to secure the attendance of the pupil at school does not, in itself, mean the pupil has been prevented by unavoidable cause.

Schools must also record the nature of the unavoidable cause (regulation 10(6)), examples are:

- Bail conditions (that prevent the pupil from attending the school or being present in the area where the school is situated)
- Court attendance (where the pupil is legally required to attend Court)

This code is classified for statistical purposes as not a possible attendance.

Absent - unauthorised absence

Code G: Holiday not granted by the school

The school has not granted a leave of absence and the pupil is absent for the purpose of a holiday.

A school cannot grant a leave of absence retrospectively. If the parent did not apply in advance, leave of absence should not be granted.

This code is classified for statistical purposes as unauthorised absence.

Code N: Reason for absence not yet established

Schools must follow up all unexplained and unexpected absence in a timely manner. Every effort should be made to establish the reason for a pupil's absence. When the reason for absence has not yet been established before the register closes, the absence must be recorded with code N.

Where absence is recorded as code N (reason not yet established) in the attendance register, the correct absence code should be entered as soon as the reason is ascertained, but no more than 5 school days after the session (regulation 10(7) to (9)). Code N must not therefore be left on the pupil's attendance record indefinitely; if a reason for absence cannot be established within 5 school days, schools must amend the pupil's record to Code O.

This code is classified for statistical purposes as unauthorised absence.

Code O: Absent in other or unknown circumstances

Where no reason for absence is established or the school is not satisfied that the reason given is one that would be recorded using one of the codes statistically classified as authorised.

This code is classified for statistical purposes as unauthorised absence.

Code U: Arrived in school after registration closed

Relevant regulation 10(7) and (8)

Where a pupil has arrived late after the register has closed but before the end of session.

Schools should actively discourage late arrival, be alert to patterns of late arrival and seek an explanation from the parent. All schools are expected to set out in their attendance policy the length of time the register will be open, after which a pupil will be recorded as absent. This should be the same for every session and not longer than 30 minutes.

This code is classified for statistical purposes as unauthorised absence.

Administrative codes

Code Z: Prospective pupil not on admission register

To enable schools to set up registers in advance of pupils joining the school to ease administration burdens.

Most school admissions involve the school or admission authority offering a place to the parent of the prospective pupil (or, in the case of admission to sixth form, the prospective pupil). An offer of a place is not an agreement. Before a pupil can be registered at a school the parent (or prospective pupil) must have accepted the offer, either by agreeing the starting day in advance or by the fact of the pupil attending the school on that day. In the normal admissions round, when parents have accepted the school place and starting day offered, the local authority can communicate that agreement to schools on behalf of the parent. This can also be the case where the local authority co-ordinate in-year applications for school places.

Schools must enter pupils' names on the admission register on the first day that the school and a person with control of the pupil's attendance have agreed that the pupil will attend the school. If no date has been agreed or notified, the pupil's name must be entered on the first day they attend the school. Names must be added before or at the beginning of the first session on that day.

If a pupil fails to attend on the agreed starting day, the school must follow this up and try to establish the reason for absence.

This code is not collected for statistical purposes.

Code #: Planned whole school closure

Whole school closures that are known and planned in advance such as:

- days between terms;
- half terms;
- occasional days (for example, bank holidays);
- weekends (where it is required by the management information system);
- up to 5 non-educational days; and
- use of the whole school as a polling station.

This code is not collected for statistical purpose.
